---

---

### Experience

---

**Academic Commissioner**  
August 2021 – Present  
Offering high quality service and helping out students with their programming assignments while gaining experience.

---

---

### Education

---

**University of Science and Technology of Southern Philippines / BSIT**  
September 2021 – Present, Cagayan de Oro City  
My enthusiasm for programming expanded during my college years, culminating in a profound interest in web development.

---

**St. Rita's College of Balingasag / STEM**  
June 2019– May 2021, Balingasag Mis. Or  
Developing a passion for programming began with my first Arduino code. This initial exploration sparked a love of problem-solving and logic, qualities that continue to fuel my passion for coding.
